- Contracts Advisory & Training

The Contracts Group Ltd is a specialist construction contracts consultancy based in Hong Kong. Since our establishment, we have built an exceptional track record advising contractors, subcontractors and employers on their most challenging contractual and commercial problems — from early-stage risk advice through to high-value adjudication, arbitration and litigation support.

Our Expertise

Our directors and senior staff hold qualifications across quantity surveying, construction law, forensic planning and arbitration — including FRICS, FHKIS, FCIARB, FHKIARB, MCIARB, LLM (Construction Law), Accredited Mediator (HKIAC) and Accredited Adjudicator. We bring multi-disciplinary depth to every engagement.

Why Choose TCG

We are not a large multi-national consultancy. We are a focused team of specialists who bring director-level expertise to every project. Our clients receive senior attention, rapid response and commercially astute advice that cuts through complexity — whether the issue is a contractor's claim, an adjudication referral or a final account negotiation.

Our Clients

We act for main contractors, subcontractors, developers, public bodies and employers across the full spectrum of HK construction — from civil engineering and infrastructure to residential, commercial, hospitality and industrial projects. We also act as Adjudicator and Mediator where appointed to do so under HKIAC nomination procedures.

Security of Payment (SOPO)

The Security of Payment Ordinance (Cap 652) came into force on 28 August 2025, fundamentally changing how payment disputes are resolved in HK construction. TCG has been at the forefront of SOPO since its introduction — advising clients on compliance, preparing payment claims and representing parties in adjudication proceedings.

NEC Silver Users Group

As NEC Silver Users' Group Members, TCG demonstrates a deep commitment to NEC best practice. Our team delivers NEC4 contract administration, compensation event management and claims services on some of Hong Kong's most complex infrastructure programmes — including MTR, AECOM and government-funded public works projects.

ISO 9001:2015 Certified

TCG is ISO 9001:2015 certified — demonstrating our commitment to quality management systems, consistent service delivery and continuous improvement. Our quality procedures ensure that every piece of advice, every claim submission and every expert report meets the highest professional standards.
